

# Moving Head Beam Light

## TL-SL162

### Feature:

- \* Color panel: one color panel, 7 colors + white light + rainbow effect
- \* Fixed pattern panel: 8 fixed pattern plate + 1 white light
- \* Rotating pattern panel: 6 replaceable pattern plate + white light
- \* Prism: 3-sided prism
- \* Focusing: variable motorized focus
- \* Dimming: 0-100% linear adjustment
- \* Strobe: 0-25Hz/s, synchronous pulse strobe, and random pulse strobe
- \* Scan range: Translation: 540°, 360°, 180° / Tilt: 270°, 180°, 90°

### Specifications:

Model	TL-SL162
Input voltage	AC110V-240V 50/60Hz, 150W
Light source	100W LED
Average lifespan	50000H
Control mode	DMX512, master-slave, voice control and self-propelled mode
Channel	14 channels
Fixture material	High temperature resistant plastic + molded alloy material
Protection level	IP20
Fixture size (W×H)	200×326mm
