

Stage Effect Fogger

TL-SL601

Feature:

- * Output gear/adjustment range: 1-100
- * Maximum fog output: about 26,600 cubic feet per minute
- * Maximum spray distance: about 6 m
- * Maximum fog liquid consumption: about 7 min/L
- * Maximum continuous output time (100 output): about 30 seconds
- * Spray angle: 0-130°
- * Support mechanical temperature control and electronic temperature control

Specifications:

Model	TL-SL601
Input voltage	AC220V-240V 50/60Hz, 1500W
Current limit protection	10 A, 250 V
Working current	6.5 A
Preheating time	About 4.0 minutes
Heater	Heating aluminum
Fog liquid drum	4.0L
Control mode	DMX512 protocol, wireless remote control
Channel	2 channels
Protection level	IP20
Fixture size (L×W×H)	328×397×316mm
Package size (L×W×H)	615×430×340mm
Gross weight	18.0kg
Net weight	16.0kg
